*Isten hozott,*

As you continue to walk the Path of Enlightenment, you will see the world from the viewpoint of the magi, shaman, occultist (means ancient / hidden knowledge), sorcerers, Light Workers and Spiritual Leaders.

At this junction, I'd like to talk about the Spiritual / Metaphysical/ Psychic fields. When you understand more about what they are, you will progress faster.

In ancient times, much was hidden and passed down only Master to Initiate. Ancient Priests, Magi / Shaman, Religious Leaders, to name a few, were prophets, healers, “seers” (psi), spiritual warriors, protectors, religious leaders for the tribes and community.

An occultist now is also called a metaphysician. The word magi came from magick (the “k” separates occult magick from stage magic). We are the oldest science. Chemistry came out of alchemy. Physics came from metaphysics. We understand the Laws of the Universe and work with them. The knowledge is not connected to any religion. It is Universal.

I always say life is an adventure. This is your time to expand your horizons. You are jumping into the stream of life and I'll be there to help to help you swim and navigate the currents.

You can have a better life, achieve your goals and be happy. You just need to do the steps to get there.

The Universe is unlimited. If you know how to tap into that energy force, you also become unlimited.

I also connect with ancestors. In ancient, as well as, other cultures, this is an important connection. They are around us and we are all connected through physical and spiritual DNA. When parents pass away, they also become part of our ancestry.

You are connected to all levels of nature. The Divine, physical and spirit. There really are nature spirits, elves, plant spirits, elemental spirits, and angels, among other nature connections.

---

As you progress through various stages of expanding your horizons and becoming an elevated conscious being, you will find yourself changing many of your outlooks, or adding to them.

You know prophecy, as an example, has been with us since mankind. Every religion, every culture has it. We may walk different Paths to get there, but we all have the same Source to tap into. I look at it as a big, giant ball of Light and each soul as a ray coming from that Light. Therefore, we are all connected and are all part of the same Source. Whatever label you decide to give it is fine. I happen to call it God or Divine Power.

I'll help you to find your Path and explore new roads in this adventure we call life. Look for the next Newsletter to continue to expand.
